

PROJECT PAD

Double-sided project planning pages featuring:

Project PLANNER

Planning out your quilting project is half the fun of being a quilter! Think through your game plan, and make notes. Add a picture of the pattern, or a sketch in the graph paper, keep track of your supplies and your progress right on this page. You can even attach little swatches of your fabrics at the bottom with glue dots so you can take this page with you to your local quilt shop when you need to do more shopping. The best part of all is that a completed project planning page is a snapshot in time of your quilting life. Keep it forever to remember the projects you've worked on, even if you give them away as gifts to loved ones. Add these to a three ring binder, or insert them in into your planner with your favorite washi tape.

Projects AT-A-GLANCE

Nothing feels better than keeping an organized list of all the projects you have in the work! We know that sometimes you might like to update your list to keep it neat and tidy, and so it's helpful to have lots on hand. Easily add fresh copies of your Projects At-A-Glance list in your planner with your favorite washi tape.

✂ Cut out on the dashed line — page can then be inserted into your Quilter's Planner.
